3) Grades screen - to check after submission

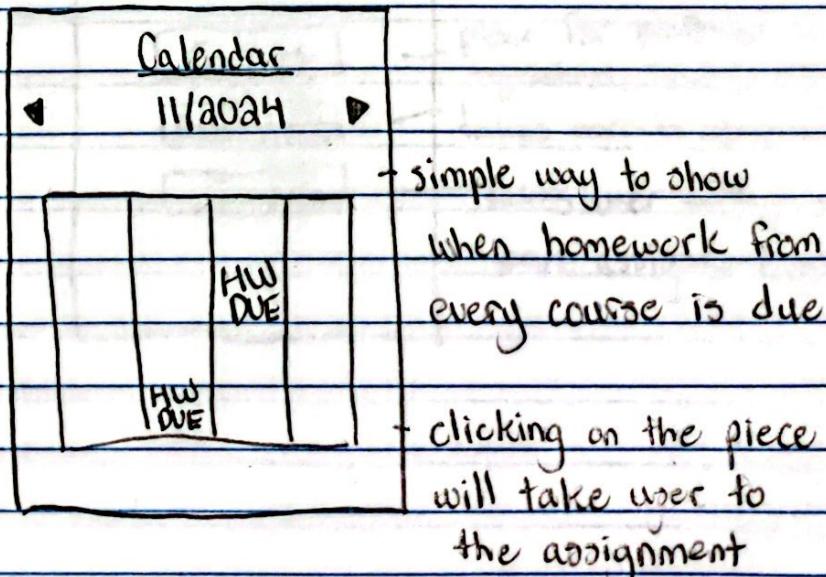

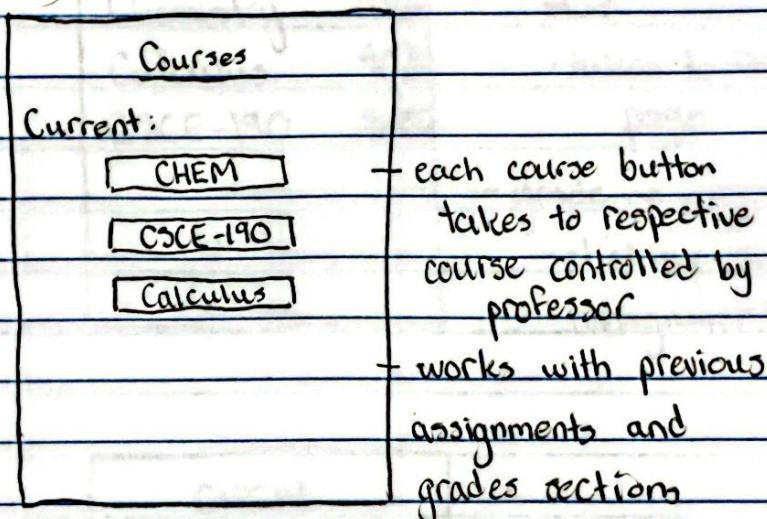

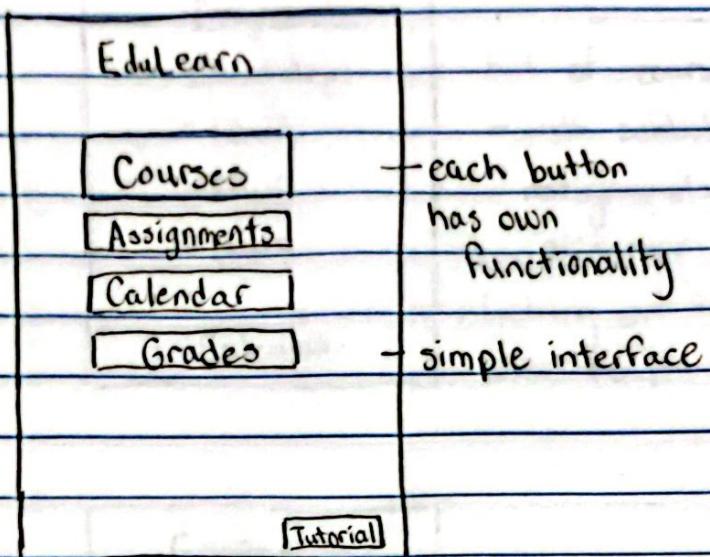

A hand-drawn sketch of a mobile application interface titled "EduLearn Grades". At the top, it says "Course selected: Math". Below that, there's a box containing "Overall: 87.6%" and a "Recently:" section with two entries: "Math worksheet: 19/20 95%" and "Quiz Unit 3: 23/25 92%". To the right of the "Recently:" section, there's a note: "drop down menu to easily choose a class". Further down, there's a note: "overall grade is very visible, back end allows professors to easily enter assignment weights" followed by a red hand-drawn icon of a person running.

clickable to bring up submission page
again to view feedback

4) mobile app notification

A hand-drawn sketch of a mobile phone screen showing a notification from the "EduLearn" app. The notification displays the time "12:34" and a box with the text "EduLearn Math worksheet: 19/20 = 95%". To the left of the phone, the text "easily recognizable app" is written. To the right of the phone, there's a large note: "notifications give immediate feedback on grades - can be configured to keep actual grade hidden until notification is clicked".
